

Solutions in research project management

At the FBG we walk you through the management of your research projects, from the negotiation of the contract or the grant proposal to the end of the project.

Research projects

Contract research

We negotiate, formalize, and monitor contracts and agreements for the performance of scientific, technical, and artistic tasks, under **Article 83** of the Organic Law of Universities (LOU).

Project contracting

Gemma Casamitjana
gcasamitjana@fbg.ub.edu

Research grants

European Union
research grants

National and international
grants

Preparation of grant and subsidy applications

Ignasi Sánchez
isanchez@ub.edu

Gemma Casamitjana

Funding monitoring

Xavier Gutiérrez
xgutierrez@fbg.ub.edu

Mònica Cunill
mcunill@fbg.ub.edu

Research management

- Processing of employment contracts linked to projects, internships, and staff budgets.
- Processing of work permits.
- Prevention of occupational risks (training, information, and assessment of workstations).

Human Resources and Occupational Risk Prevention

Mercè Tejedor | mtejedor@fbg.ub.edu

- Validation of project budgets in the application phase and economic justification.
- Billing, income control, and payments.
- Monitoring of economic implementation and financial closure upon project completion.
